Patents 1 - 10 on state machine pair

[Sort by relevance](#) | [Sort by date \(new first\)](#) | [Sort by date \(old first\)](#)

[Hierarchical adaptive state machine](#)

[for emulating and augmenting software](#)

US Pat. 5903886 - Filed Apr. 29, 1997 - Smartlynx, Inc.

Function G provides the primary interface to the user through graphical, ...
to the block/cell, and the electrical connections between or among pairs or ...

[Cable tester](#)

US Pat. 7005661 - Filed Mar. 27, 2003 - Marvell International Ltd.

21 illustrates a state machine with timer that can be disabled when link ...
block diagram of cable test module that estimates skew between pairs; FIG. ...

[Function block implementation of a cause and effect matrix for use in a ...](#)

US Pat. 6898468 - Filed Mar. 28, 2003 - Fisher-Rosemount Systems, Inc.

Each of the logic solvers the same manner as any other function block, ...
3 is a graphical depiction of an example cause and each of the controllers 24 and ...

[Flexible memory controller for graphics applications](#)

US Pat. 5367632 - Filed Oct. 30, 1992 - International Business Machines Corporation

For example, DSF activates the block write function, which is used to quickly
... The second primary block of state machine 504 is the actual state machine ...

[State machine function block with a user modifiable output configuration ...](#)

US Pat. 7269468 - Filed Sep. 5, 2003 - Fisher-Rosemount Systems, Inc.

The state machine function block may be configured, at least in part, via a
graphical user interface mechanism. The graphical user interface mechanism may ...

[Cable tester with insertion loss and return loss estimators](#)

US Pat. 6960007 - Filed Mar. 27, 2003 - Marvell International Ltd.

21 illustrates a state machine with timer that can be disabled when link ...
block diagram of cable test module that estimates skew between pairs; FIG. ...

[Cable tester](#)

US Pat. 7002353 - Filed Mar. 27, 2003 - Marvell International Ltd.

The test module 32 also includes a first test state machine or module 52 and/or
a second test ... The display 58 can be a graphical user interface (GUI), ...

[Object processing for video system using slips and linked list](#)

US Pat. 4905168 - Filed Oct. 15, 1996 - Atari Games Corporation

The status signals which are input to the state machine indicate the match or no
... To perform its function, the background cycle continues processing the ...

[Collision detection system for video system](#)

US Pat. 4905147 - Filed Oct. 15, 1996

The status signals which are input to the state machine indicate the match or no
... To perform its function, the background cycle continues processing the ...

Cable tester

US Pat. 7068044 - Filed Feb 25, 2005 - Marvell International Ltd.

The test module 32 includes a pretest state machine or module 50. ... The display 58 can be a graphical user interface (GUI), a light 60 emitting diode ...
